Pocket Wheels

cromox® Pocket Wheels, Chain Sprockets and Windlass Gypsies

LIFTING, MOVING, TRANSPORTING

We manufacture pocket wheels, chain sprockets and windlass gypsies based upon your individual specifications using our cutting-edge 5-axis CNC machine. The stainless steel and Duplex-grade materials work well with our cromox® line of products.

Our precision engineering and manufacturing processes ensure precision reduced noise operation with low wear and tear. Optimized geometry provides the perfect load transmission with minimal stress in chain links.

Please speak with our sales staff directly for pricing and ordering information.

Stainless Steel Chain NT

similar to DIN 5685-2, AISI 316L, short link, twisted, form X, not tested

Chain size	Part number	d"	t"	b inner min."	Weight [bs / feet]	Calculated load capacity [kN]	\$/ft
3/16	NT 5	0.20	0.83	0.35	0.36	275	6.80
1/4	NT 6	0.24	0.94	0.43	0.52	350	9.60

The dimensions of chains form X are slightly smaller due to twisting.
